

Single Glass Monocrystalline Module

BM

Single glass series

182T-120HW

Efficient bifacial Topcon monocrystalline silicon half-piece solar module

480 W

Maximum power output of module

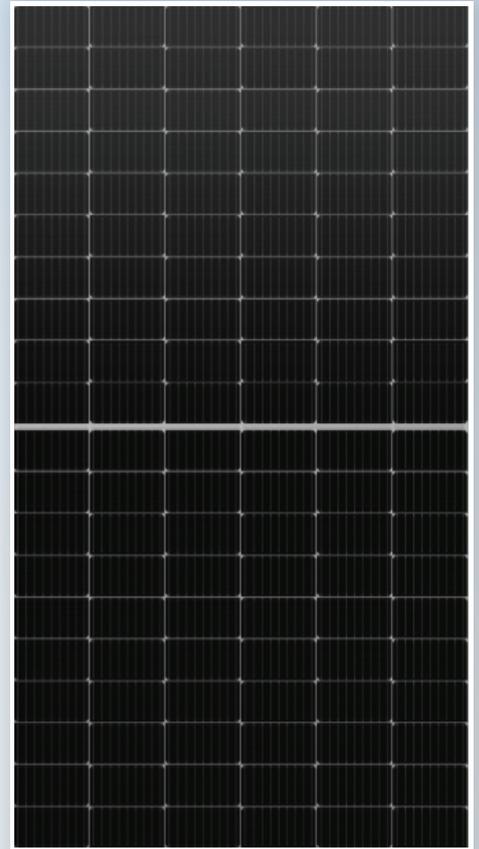

22.24%

Maximum module efficiency

0~+5 W

Power tolerance

Boamax's long-term stable quality is trustworthy

- Automatic production line and leading photovoltaic technology
- EL testing is performed before and after lamination, effectively ensuring the reliability of the components.
- Passed various long-term reliability tests
- Strict international standard management systems are adopted, including ISO 9001, ISO 14001, and ISO 45001.

MBB welding strip design optimizes optical and electrical properties of modules

The adoption of dual glass POE packaging enables effective resistance to various harsh outdoor environments

Additional safety brought by fire rating A

The battery slicing technology greatly reduces the series current and the internal damage of the modules, thus effectively reducing BOS and LCOE

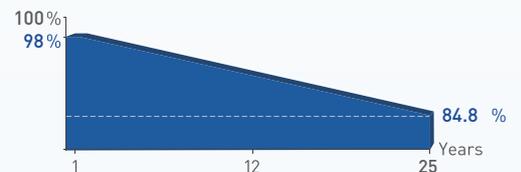

Optimized packaging materials and strict process scheme ensure the PID resistance of modules

Advanced non-destructive slicing technology, with small battery damage and low impact of cracking

Industry leading linear warranty

12-year warranty on materials and process 25-year linear warranty

Excellent warranty, with a commitment to a 25-year power warranty and a linear power attenuation of 0.55%
